

STARSKATE SESSIONS:

The East pad will close on March 8, 2010, to allow for the ice surface to be removed and the permafrost to thaw, thereby permitting construction to commence and be completed as quickly as possible. As a result, Tuesday Starskate sessions for the month of March are as follows (please note that the session times for March 9 and March 30th have been switched, as there were only 2 hours allocated to EGSC on March 30 due to a hockey tournament, this date was not built into your skater's fees and is considered extra or bonus ice time for the skaters).

Tuesday, March 9, 2010 - **GOLD 5:55 - 6:50 p.m.**
